PART I THE STAC PROJECT

1 ABSTRACT 3

2 INTRODUCTION 4

 2.1 The STAC project. 4

 2.2 Previous work 4

 2.3 Project members 4

3 THE FORMATION AND LOCATION OF STACKS IN LEWIS 5

 3.1 Geological formation of stacks. 5

 3.2 Location of stack sites in Lewis 5

 3.3 Sea level rise and erosion 6

4 AIMS AND OBJECTIVES 10

 4.1 Research design 10

5 METHODOLOGY 13

 5.1 Rope access methodologies – industrial rope access 13

 5.2 Rope access and the STAC project. 13

 5.3 Topographic survey methods. 13

 5.4 Field methodology 14

PART II THE SURVEYS 15

6 STAC DOMHNUILL CHAIM. 17

 6.1 Physical description and location 17

 6.2 Erosion 17

 6.3 Access 17

 6.4 Previous work 17

 6.5 The survey 18

 6.6 Discussion 19

 6.7 Potential for future work. 20

7	STAC A' CHAISTEAL	.22
7.1	Physical description and location	22
7.2	Erosion	22
7.3	Access	22
7.4	Previous work	25
7.5	The survey	26
7.6	Discussion	32
7.7	Potential for future work.	34
8	STAC NA CUIBHIG	.35
8.1	Physical description and location	35
8.2	Erosion	35
8.3	Access	35

8.2 Methodology	148
8.3 Results and discussion	148
8.4 Conclusions	152

LIST OF ILLUSTRATIONS

1	Location map of stack sites investigated on Lewis	11
2	Location map and topographic survey of Stac Domhnuill Chaim	16
3	Stac Domhnuill Chaim, looking south	18
4	Stac Domhnuill Chaim from the north, showing structures on top of the stack	19
5	Neolithic pottery from Stac Domhnuill Chaim	20
6	Location map of Stac a' Chaisteal and topographic survey	21
7	Stac a' Chaisteal from the south.	22
8	Access onto Stac a' Chaisteal from the south	23
9	Access onto Stac a' Chaisteal with descending sheep from the south	24
10	Stac a' Chaisteal structure A from the east. Scale 1.2m long	25
11	Stac a' Chaisteal structure B from the south. Scale 1.2m long.	26
12	Stac a' Chaisteal structure C from the west. Scale 1.2m long	27
13	Stac a' Chaisteal structure D from the north-west. Scale 1.2m long.	28
14	Stac a' Chaisteal structure E from the south-east. Scale 1.2m long	29
15	Stac a' Chaisteal structure F from the east. Scale 1.2m long	30
16	Stac a' Chaisteal structure G from the north-west. Scale 1.2m long.	31
17	Stac a' Chaisteal SE corner of structure H from south-east	31
18	Stac a' Chaisteal NE corner of structure H from the north. Scale 0.4m long	32
19	Stac a' Chaisteal triangular lintel structure H from the north. Scale 1.2m long	33
20	Stac a' Chaisteal revetment M from the north. Scale 1.2m long	34
21	Stac na Cuibhig from the WSW	35
22	Location map and topographic survey of Stac na Cuibhig	36
23	Detail of stone bank on Stac na Cuibhig from the north. Scale 1.2m long	37
24	Dunasbroc access from the west.	40
25	Location map and topographic survey of Dunasbroc	41
26	Map of trenches on top of Dunasbroc	42
27	Erosion scar A, Dunasbroc from the east. Scale 0.3m long.	43
28	Walling in erosion scar D, Dunasbroc from the east. Scale 0.3m long	44
29	The level summit of Dunasbroc from the east	45
30	Dun Arnistean from the east showing access route	47
31	Location map and topographic survey of Dun Arnistean showing erosion scars	49
32	General view of erosion scars on Dun Arnistean from the south-west	50
33	The survey team descending ropes on Dun Arnistean from the east	51
34	The descent of Dun Arnistean from the east	52
35	Erosion scar F on Dun Arnistean from the west. Scale 0.3m long	53
36	The ash layer in erosion scar F, Dun Arnistean from the west. Scale 0.3m long	54
37	The erosion scar L, Dun Arnistean from the south-west. Scale 0.3m long	55
38	Eilean nan Luchruban from the south	57
39	Mackenzie's plan of Eilean nan Luchruban.	58
40	Location map and topographic survey of Eilean nan Luchruban	60
41	General view of structure A, Eilean nan Luchruban from the north	61
42	Walling of structure A, Eilean nan Luchruban from the south	61
43	Access to Dun Eòradail from the north	64
44	Location map and topographic survey of Dun Eòradail	65
45	The cairn on Creag Dubh from the east.	68
46	Location map and topographic survey of Creag Dubh	69
47	Dun Othail from the south	71
48	Location map and topographic survey Dun Othail.	72
49	Accessing summit of Dun Othail from the south-east	74
50	Structure A, Dun Othail from the west. Scale 1.2m long.	75
51	Structure C, Dun Othail from the north. Scale 1.2m long	75
52	Structures F and G Dun Othail from the south-west. Scale 1.2m long	76
53	Caisteal a' Mhorair from the south	77
54	Location map and topographic survey Caisteal a' Mhorair	78
55	Caisteal a' Mhorair structure A from the south.	79
56	Caisteal a' Mhorair structures B and C from the north	80

57	Stac Mor Garrabost from the south	82
58	Location map and topographic survey Stac Mor Garrabost	83
59	Wall on Stac Mor Garrabost from the north-west. Scale 0.3m long	84
60	Dunasbroc Trench 1 plan showing wall 025 and Context 002	91
61	Flue/drain feature in Trench 1, Dunasbroc from the north. Scale 0.3m long	92
62	Flue/drains beneath wall 025/026, Dunasbroc from the east. Scales 2m long.	93
63	Sampling using Kubiena tins for micromorphological analysis	94
64	Posthole 015/023 in Trench 1, Dunasbroc from the west. Scale 0.3m long	94
65	Trench 2 plan and section, Dunasbroc	95
66	Hebridean incised wares from Dunasbroc. Vessels 1, 3, 4, 5, 6, 7, 8, 9, 10 and 77.	123
67	Lithic artefacts from Dunasbroc. SFs 4, 5, 9, 15, 33, 86 and 100.	131
68	Tip of leaf-shaped arrowhead SF100	133
69a	Zone 3/b: brown amorphous material, possibly an unburnt peat fragment. Plane polarised light	151
69b	Zone 3/b: grey crypto-crystalline features possibly representing fuel residue materials. Plane polarised light	151
69c	Zone 3/b: as above, in oblique incident light. Bright yellow-white colour of possible fuel residue indicates high temperature heating. Note extensive reddening of surrounding soil matrix, indica- tive of comprehensive heating at c 400–500°C	151

LIST OF TABLES

1	Gazetteer of all stack sites.	7
2	Suitable sites for survey	10
3	Radiocarbon dates	90
4	Catalogue of pottery from all sites.	114
5	Dunasbroc flaked lithics 2005	126
6	Composition of Dunasbroc assemblage	130
7	Size variation amongst flakes from Dunasbroc.	130
8	Modified and retouched lithics from Dunasbroc	132
9	Flaked lithics from STAC 2004 surface finds	135
10	Dunasbroc 2005 stone artefacts catalogue	136
11	Stone from STAC 2003/2004, surface finds	137
12	Micromorphology of Slide 2 from Dunasbroc	138
13	Botanical results from Dunasbroc (bulk samples)	142
14	Dunasbroc small find results and charcoal taxa	144
15	Catalogue of animal bone from Dunasbroc	147
